## THE CROWN PRINCE VISITED BY HIS PARENTS

Photo Copyright by Paul Thompson

### THE KAISER AND KAISERIN ARE GUESTS OF THEIR WARRIOR SON ON THE CHAMPAGNE FRONT.

Rumors have been rife as to the fate of the Crown Prince of Germany. He has been reported dead, badly wounded, disgraced and the victim of every conceivable accident of war except capture, which of course would be an event too widely heralded to make such a thing the basis of rumor. The above photograph, taken recently, shows the Crown Prince alive and well, entertaining his father and mother on captured French territory. The Kaiser's appearance also belies numerous reports that describe him as aged and shaken by his great responsibilities.
